

# Largs Football Club - Registration Part Payment Plan

Version: 1.0 25/06/2025

## 1. Purpose

Largs Football Club (LFC) recognises the financial challenges many families face in today's economic climate. We understand that paying full registration fees upfront can be difficult—particularly for families with multiple players.

Historically, LFC has permitted part payments on a case-by-case basis. However, inconsistent adherence to agreed payment terms has prompted the need for a formalised policy. This ensures fairness and financial sustainability while supporting members through flexible payment options.

## 2. Eligibility & Requirements

To participate in a Registration Part Payment Plan, the following conditions must be met:

- The player (or their parent/guardian) must read and understand this policy.
- The HVA (Hunter Valley Association) component of the registration must be paid in full.
- The Registration Part Payment Plan Form must be completed and signed.
- Approval must be granted by the LFC Executive Committee.

Important:

Non-compliance with the agreed payment terms may result in the matter being referred to debt collection services. This may include additional administration and recovery costs. Any default on payments may also render the member/player “unfinancial,” which may prevent participation with LFC or any affiliated clubs.

Applicants must disclose any history of unfinancial or poor credit status to the Executive Committee before signing the Part Payment Plan form.
